You must provide your documents to our commercial partner. You will be able to upload copies of your documents on our commercial partner's website, or you can take your documents to your appointment to be scanned and uploaded by our commercial partner (there may be a charge involved).

If you choose to pay for the assisted scanning service, all documents (originals or copies) need to be A4 size or you may be charged to make them suitable for scanning.

If we require passports, you must take the originals to your appointment. If you have self-uploaded copies on our commercial partner's website you must still take your original passports, but will not be charged for scanning.

You can provide any document to support your application, but:

- all documents must be in English
- translated documents must be certified
- any passports provided must be the originals
- You must ensure all supporting documents are in the correct order

Visa applications submitted throughout Latin America are processed digitally. To ensure that the supporting documents you are submitting are in the correct order for scanning:

- visit [VFS Global](#) and choose the country you are applying in; and
- go to 'Visa Application Centres', and click on Supporting Documents Guidelines at the bottom of the page

You will find information on which barcode separators you should use, and a link to download them free of charge. If you do not use these barcode separators, your appointment at the Visa Application Centre may take longer and you may be charged an additional fee for your documents to be ordered correctly.

[Read the guidance](#) for help finding out what documents to provide.

Other documents

Use this section to tell us about any other documents you will be sending in with your application.

It is recommended that you also submit colour copies of your passport or travel document, showing evidence of travel to other countries and any official observations or amendments.
